Front-End Web Development Diploma (React JS)

SEF Academy

Back-End Web Development Diploma (Node JS)

SEF Academy

PROJECTS

FreshCart - E-Commerce Grocery Web App [🔗](#)

07/2026 – Present

React.js, Node.js, Express.js, MongoDB, REST APIs, Tailwind CSS/Bootstrap

- **Built a full-featured E-Commerce grocery application** with dynamic product listings, category filtering.
- **Implemented shopping cart and checkout functionalities**, managing complex application states and responsive user UI.
- **Integrated RESTful APIs** for fetching and managing product data, handling authentication, and dynamic data rendering.

CityExplorer - Places & Recommendation Web App [🔗](#)

06/2026 – Present

HTML5, Bootstrap, Tailwind CSS

- **Developed an interactive web application** for discovering top recommendations, local spots, and tourist attractions with intuitive navigation.
- **Designed a modern, responsive user interface** combining Bootstrap and Tailwind CSS to ensure seamless layout adaptability across all screen sizes.
- **Created clean layout structures and custom styling** using Tailwind CSS utility classes to deliver a polished user browsing experience.

Tailwind landing page [🔗](#)

03/2026 – Present

Tailwind CSS, HTML5, GitHub Pages

- **Built a modern landing page** leveraging Tailwind CSS utility-first framework for rapid and customized UI styling.
- **Implemented responsive design principles** using Tailwind's modifier classes to adapt the layout for different screen sizes.
- **Optimized site layout structure** using semantic HTML5 and clean Tailwind class configurations.
